

PRACTICAL GUIDE

CURRENCY

The national currency is the Moroccan dirham (MAD). €1 (EUR) is worth between 10.50 and 11 MAD.

MONEY EXCHANGE

Foreign currency can be exchanged into dirhams at foreign exchange offices and most bank branches.

MEANS OF PAYMENT

Cash is preferred for amounts under MAD 100. Beyond that, bank cards are widely accepted.

DRESSING APPROPRIATELY

The weather in Morocco is still generally good in October but the evenings are cool and it can rain; it is recommended to bring sweaters and raincoats, just in case.

TELEPHONE COMMUNICATION

The fixed-line network works perfectly but the most convenient way is to buy a prepaid SIM card from one of the three local operators (Maroc Telecom, Inwi, Orange).

ELECTRICAL OUTLETS

The network operates on 220 volts; the plugs are standard IEC 60320; we recommend bringing a universal adapter.

INTERNET AND WIFI

The internet network is highly developed in Morocco (an optical fiber network connects many cities); WIFI is available in most hotels, restaurants and cafés.

ACCOMMODATION

The country offers a wide range of hotels, from two-star hotels to luxury resorts, all the major international chains are represented, not to mention an increasing number of guest houses and ecolodges.

TRANSPORT

Planes, trains, coaches, large and small taxis, rental vehicles ... to each destination its best means of transport.

OPENING HOURS

They vary but, generally speaking, businesses are open from 9 am to 6 pm, often 8 pm. On Friday, which is prayer day, shops close around 12 pm and reopen around 4 pm, while the shops in the medina remain mostly closed on that day.
